	5. Land Use/Action Items: Discussion and possible vote on VCCPG action on the Planning Commission's December 17, 2010 consideration of PAA 09-007, the Accretive "Sustainable Community" Project in West Valley Center. (Oliver Smith)									enter.					

Discussion & Comments: Rudolf – This was voted to be put on the agenda from a correspondence received by the Planning Commission. Two of the Commissioners voted to wait until after the GPU was voted upon by the BOS to vote on this PAA. We do not understand why this PAA is being reconsidered. The PG gave a great presentation against this. We will find out on the 17th. Smith – Is public testimony open? A: we think so. We have an empty school so why Accretive feels we need a new one is beyond me.

Glavinic – Feels that PC realizes that they need to address AB32. This is just speculation.

Notes:Planning Group Member Hans Britsch recused himself from the discussion on this item because he has property interests within 500 feet of the project

5.b. Discussion and possible vote concerning VCCPG recommendation for use of the \$425,000 payment by the San Pasqual Band to provide for capacity and/or safety improvements to Valley Center road

between Escondido and North Lake Wohlford Road. (Bob Davis for VCCPG)

Discussion & Comments: Sandy Smith – The Mobility SC will hold a meeting Jan. 24, 2011 at 6 pm at the Library for ideas for this \$\$. This list will go to DPLU, then they will let us know which is feasible. The mobility SQ will then come back to the PG with ideas.

Smith – this \$\$ was negotiated with Valley View Casino for their hotel and additional gaming for the casino.

5.c.

Matz Commercial Building, 8719 Old Castle Road, Escondido; 3500-10-013 (S10-013) "B" designator; owner is R. Matz, 11233 Rolling Hills Way; contact person is James Scott Fleming; 619-743-5770. Plans include construction of an 8,000 SF commercial building on the site of a previous 6,000 SF building. Building will include a restaurant/deli, 2 additional restaurants, dentist office and miscellaneous office space and additional parking. (DPLU Planner is Dave Shibbet) (Jon Vick for VCCPG)

Discussion & Comments: Plans include construction of an 8,000 SF one story commercial building on the site of a previous 6,000 SF building. Building will include a restaurant/deli, 2 additional restaurants, dentist office and miscellaneous office space and additional parking.

Matz – Went through the planning process for 2 years. Is having a very difficult time getting the project through. They gave him a 50 page scoping letter. The I-15 sponsor group approved everything. He then has to meet with the VC DRB tomorrow. This will be the second meeting. Would like a waiver for the road widening. This would destroy 100 year old Oaks and Sycamores. The DPLU planner has agreed to waive the road requirements.

Hofler – We need to make sure there is a left hand turning lane into the Commercial development.

Davis - made the motion

Rudolf – Don't like doing things piece meal. It just muddles everything.

Robertson – DRB will be reviewing tomorrow. The issues that DRB has have been resolved by the waiver of the roads by the County.

Rudolf – Has the staff asked for the waiver? A: Vick – don't know.

Hofler – We have done this in the past.

Rudolf – We should ask the County to read the Community Plan and use those road requirements.

Motion: PG accepts waiving the road improvement as specified in the August 18, 2010 scoping letter, (paragraph 6, p. 25)

5.d.

Consideration and vote on decision of Valley Center Parks and Recreation Department to seek addition funds to cover costs for the Adams Park Gazebo Projects; bids came in over estimated costs and addition funds are required to cover project cost. (Dave Montross for VCCPG)

Discussion & Comments: The Parks and Recreation Board would like to vote on this first. Even thought the planning group got the document and request from County Parks and Rec. Assistant Director Renee Hilton; Valley Center Parks and Rec. Board Vice President Tom Bumgartner voiced a concern regarding any approval request before the Valley center Parks and Rec. Board had voted on it. He anticipated their vote would be in late January, 2011.

Recommend continue this item until after they vote.

Rudolf – Would like to express support for going after PLDO money.

Montross – will pass the information to Bachman.

5.e.

Further consideration and possible vote on the Fee to Trust Request by the San Pasqual Tribe and the FONSI finding by the Bureau of Indian Affairs that would turn 9 acres at the southwest corner of Valley Center road and North Lake Wohlford Road in Reservation land and a strip mall containing a liquor store. Area is close to the Valley Center Middle School.
